Annual Report: 2019 – 2020
Satkhira Govt. College, Satkhira.

Professor S. M. Afzal Hossain
Principal
Satkhira Govt. College, Satkhira

Message

Education is essential for the development of a nation. It is one of the basic needs of human beings. It influences the Human Resource Development Indexes. Without education, no nation can stand straightly.

Satkhira Govt. College is located in the south-western part of the country. Since its starting, it has been providing education for the students from the poor to the middle-class families. To cope up with the global demand, Bangladesh is advancing in education. Satkhira Govt. College is not far away from it. The college provides education to the students of HSC, Degree (Pass and Certificate) course, Honours and Masters Courses. Every year lots of students are coming out successful.

In the meantime, we got the opportunity of developing the college digitally through College Education Development Project (CEDP), a collaborative program of National University and the World Bank under the supervision of Ministry of Education. By this time, we have advanced towards making our classes digitalized.

During the Pandemic situation for the last 12 months, our students are in touch with their academic activities. Our teachers are running the classes on line through uploaded video classes and also using ZOOM, GOOGLE and other modern technological devices.
I hope to overcome the pandemic situation very soon. It is my expectation that with the completion of all the packages of CEDP—IDG Sub-Project in the college, my students will be benefited much to make them eligible for the competitive global job market.

Professor Md. Amanullah Al Hadi
Vice-Principal
Satkhira Govt. College, Satkhira

Message

For ensuring proper development of a nation, quality education is a must. In the age of globalization, education with information technology helps a country go forward with a speedy pace. Keeping pace with the Strategic Development Goals (SDGs), Bangladesh Government is always alert to enhance the development of the educational sectors.

As a part of this national aim, National University, with the financial assistance of the World Bank has undertaken a huge volume of task for making its Honours and Masters passed students eligible for the job market both locally and globally. College Education Development Project (CEDP) is the outcome of that initiative.

Even in the Pandemic situation caused by Covid-19, the academic activities have not been stopped. From primary to masters' level, the students have been in touch with education. Satkhira Govt. College has also been conducting the classes on line.

In the meanwhile, Satkhira Govt. College has completed some packages of CEDP—IDG Sub-Project successfully. Digital Bangladesh requires digital education sectors.
I hope our dream of Digital Bangladesh will not remain a mere dream. Within a very short period of time, our dream will be materialized and CEDP will contribute much to turning the country into a digital one.

Chapter-1
Introduction

Brief History of the College: Satkhira Government College., popularly known as Rajar Bagan College, is the highest seat of education in the district, located by the side of the Sundarbans. During the British regime, most of the people of this area were illiterate. Again, for higher education they had to go to the then Calcutta University. So, an immediate urge for establishing a college becomes a dire necessity of the time. With this end in view, the then S.D.O. of Satkhira subdivision Mr. A.C. Roy and other recognized philanthropists of Satkhira hold a meeting in the Darbar Hall (near present Laboni Halll) with Dr. Muhammad Shahidullah, the renowned linguist of the Indian subcontinent, in the chair. A unanimous decision is drawn to establish a college, and a seven-member committee is also formed with Lilapada Mozumder, the the Chairman of Satkhira Pourashova, to give the practical shape of the decision. In 1946, Satkhira College is established housed in some rooms on the first floor of P.N. High School, and the dream of the people of Satkhira is fulfilled. The college gets permission to admit students in the session 1946-1947 only in

commerce group. The magnificent opening of Satkhira Government College started on 1 March in 1980 with Principal Umapada Dutta with 2500 students.

The institution is currently running on its own glory. From intermediate level to masters 16 subjects of honours , masters in 11 subjects are being taught, 73 learned teachers, 19 government & 61 non-government 3rd and 4th class employees are devoting their talent and toil to serve about 17 thousand students and the nation as well. The college is being smoothly run by the present Principal Professor S. M. Afjal Hossain.

A beautiful Shaheed Miner sculpture bears the testimony of our great liberation war, which declares the history of Bengali Nationalism and heritage. A well-furnished mosque stands near the vast playground of the college. There are three hostels for the residential facilities of the student of the college. We are proud that the present campus consists of 3.00 acres of land which is a vast area for a district level college.
All along, the college has an education friendly environment. Every year a good number of students of the college occupy prestigious positions at different levels. With all our efforts of the people of Satkhira, the college is advancing day by day by degrees with immense success. The students have also been showing their brilliant success in extra-curricular activities. There are B.N.C.C. platoon and Rover Scout group in the college. The members of those groups contribute much in observing many national programs in the college as well as outside the college. Many students are serving the nation passing from this prominent institute. We hope and pray the name and fame of the college will be on the progress in the days to come. Finally, we like to pay our homage the people who took initiatives to found the college.

3.2 Key Achievements and Highlights of the Year of the Departments

9 of 16 departments of the college individually arranged national & international seminars focusing on academic issues and commemorating the centenary birth anniversary of the father of the nation, Bangabandhu Sheikh Mujibur Rahman. Due to COVID-19 Situation, all the departments continued their academic activities through virtual platform.

3.3 Highlights of student Activities of the Year.

Academic:

- **Classroom Performance:** Classroom, performance is an example of student response system Iris the key of learning. It allows the students to take part actively in the process of learning. Still our students are less inquisitive, but we have been trying to encourage those asking questions which are most

important factor of inquisitiveness. And students are gradually responding to this system. We have succeeded a lot is doing so.

- **Sitting for examinations (Internal/External):** Sitting for examination is the conventional feedback of learning system. Though it is directly related to the academic recognition students are very keen to attend all kinds of feedback on examination performance. Here the participation of the learners is almost 80%.

Extra-curricular Activities:

- **Sports:** Sports improves concentration. It helps the learners to focus better on other fields too. It teaches time management, boosts up the level of confidence, embraces failure as a lesson to future success and helps to live in a sound body. During the year 2020, the college arranged **Bangabandhu inter department cricket tournament - 2020 in the college field**.
- **Cultural Activities:** Cultural activities relieve the learners from the constant academic pressure and help us develop different recreational skills. It can act as a stretch boaster and develop the talent to express creativity. In the last fiscal year, we arranged competitions of debate, recitation, singing, acting, dance etc. several times, Our debate team won the BTV debate competition by defeating SM hall debate team, Dhaka University. We also arranged book fair, pitha utsab, etc. to draw the learner's attention to creative writings.
- Social Activities: The Red Crescent arranged a blood donation camp in the last fiscal year. They also distributed warm clothes and blankets among the poor people in the last winter. Rover Scouts, Rangers and BNCC unit also play roles to keep the campus clean once a month, take part disciplinary activities and march past during the celebration of the national days.

Chapter 6
Concluding Remarks

6.1: Overall Assessment of Performance of the last Year and Key Targets for the Next Year
Satkhira Govt. College is an honors and masters teaching college. About 3,000 students appear at the honors final examination where as around 2,000 students read for the masters final exam from 16 departments of the College. The average passing rate of both the cases is more than 95%. Every year a large number of students get employment opportunities in different level of govt. and non-govt. job. In the last year, many of our students were selected in bank job, NGOS, schools, colleges as well as cadre and non-cadre jobs by the PSC.
Inspite off world wide pandemic situation, we are trying to carry on the all activities under CEDP. We also carry on the technology-assisted programs to ensure the virtual attendance, virtual training programs and all other necessary programs virtually.

Key Targets for the next Year:
 ➢ To ensure ICT based teaching-learning environment,
 ➢ To connect the college to the information super highway,
 ➢ To train-up the teachers for ICT based teaching-learning,
 ➢ To establish a self-assessment procedure in the college,
 ➢ To organize seminar-symposium and different co-curricular activities to create social values to the student and others,
 ➢ To ensure quality of students,
 ➢ To arrange job fair to orient the students to the job market.

6.2: Key Challenges and Risks for the College

Satkhira Govt. College is a big and reputed college in south Bengle. From 1946, it plays a vital role as a light house in south Bengle. It has enlightened many people in this remote area. It has great possibilities and opportunities in future to contribute in education, to make efficient human resource, to make professional resource persons, to make consciousness among young generation about gender discrimination, hygienic, social activities & moralities and to create values among its stakeholders. In spite of being a big college, there are many challenges and risks for the college:

- ➢ There is insufficient academic building (insufficient class rooms, exam hall and seminar room);
- ➢ There is insufficient dormitory for male and female students;
- ➢ There is no in house training room;
- ➢ There is lack of training of teaching staff in ICT based teaching-learning;
- ➢ There is lack of training of no-teaching staff on ICT;
- ➢ There is no smart class room due to lack of modern teaching-learning materials;
- ➢ No. of created post of teachers in each department isn't sufficient. So teacher-student ratio isn't consistent;
- ➢ There is no language lab;
- ➢ There is no auditorium;
- ➢ The science labs and its instruments are not up-to-date;
- ➢ There is no suitable environment to practice for students of science departments;
- ➢ The post of lab technician are almost vacant (at present, all posts are vacant);
- ➢ The campus networking condition is very low quality;
- ➢ There is a small room for college's central library in an academic building and isn't digitalized;
- ➢ There is insufficient wash rooms for female stakeholders;
- ➢ The existing wash rooms (both for male and female) are not so hygienic;
- ➢ There is one common room for male and another one for female, its not sufficient for the students;
- ➢ Satkhira is a saline area but there is no pure drinking water instrument in the campus;
- ➢ There is no MIS system in the college;
- ➢ There is no gymnasium;
- ➢ There is no separate room for co-curricular activities;
- ➢ The college has no transport system of its own for the students who come from remote area;
- ➢ There is no conference room;
- ➢ There is only one small one storied building as dormitory for teachers and guests;
- ➢ There is partial boundary wall (in one side);
- ➢ There is no budget for students to acquire practical knowledge by study tour;
- ➢ There is no budget for job fair.

6.3: Recommendation

Since 1946, Satkhira Govt. College is rendering a vital service to the educational sector in the South-Western part of the country. It has, so far, undoubtedly produced so many talents in the fields of teaching, engineering, medical science, technology, different fields of arts and humanities, bureaucracy as well as trade and commerce. The talented products of this institution are still contributing to the development of our national economy and other related sectors. But, it's a matter of regret that this historically important college hasn't developed infrastructurally. We still don't have an auditorium and examination halls. The college library, though rich by its collection, doesn't have a separate building of its own. There is a partial boundary wall in the college campus. The female students get afraid of roaming around the campus alone after 12.00 p. m. for fear of losing their ornaments, mobile phones and other belongings. All these problems should be taken into consideration and addressed properly. A concerted effort is essential for bringing back a harmonious, peaceful, student-friendly teaching-learning environment to fulfill our dream of making the college a center of excellence for creating good human resources eligible for facing the challenges of the 21st century thus contributing much to the national development.
